

Activity 1 - The One Shot Movie**Skill Level - Beginner****CHALLENGE**

The rules are simple; shoot a 60sec film in a single unedited shot. Your film doesn't even need to be scripted, just use your surroundings for inspiration and tell a story!

Once you've created your mini masterpiece export your film as an .MP4 or .MOV file and upload it to your schools secure Google drive.

**Remember to ask your teacher for access permissions*

To complete this activity you will need;

- A smartphone, tablet or camera
- Someone or something to star in your film
- Internet access
- 60 min to complete the challenge

OMG!

2011 Oscar winning children's classic 'Hugo' featured an amazing 2min final scene shot in a single take!
